

Shure 55SH

Dynamic, cardioid.

Description:

A classic Unidyne style microphone - 40's retro. Unidirectional dynamic microphone with a frequency response that is effective for speech or vocal and instrumental music

Features

- Frequency response tailored for speech, vocals and instrumental music
- Cardioid directional pattern for optimum performance in adverse acoustic environments
- Shock-mounted cartridge minimizes stand-transmitted noise, ensures quiet operation
- Rugged die cast case and mechanical design for reliability under rigorous conditions
- Self-tensioning swivel mount, permits tilting through 45° forward and 80° backward

Applications:

Vintage vocal sound and great on guitar speakers.
